"Dedicated to Excellence"

## Samson IB:

An Introducing Broker for R.J O'Brien

*"We provide agricultural risk management solutions for producers and investors"*

### Scott Mueller

Scott, who is the General Manager, has been a broker with Samson IB since 2001. He has over 30 years experience in the cattle and grain industries as a corn and soybean producer and feedlot owner.

### Sara Eickmeier

Sara, who is the Assistant Manager, has also been a broker with Samson IB since 2001. Her responsibilities include overseeing financial, administrative and customer information.

### Jordan Mueller

Jordan has been with Samson IB since 2011. His duties include day to day trading for customers and trading activity reviews.

## Samson IB Services

- We offer risk management services for producers of agricultural commodities through hedging and options with futures contracts.
- Brokerage updates are sent out via text message at 6:30 AM and 11:00 AM.  
Get a review of overnight activity at 6:30 AM and then a mid day market check at 11:00 AM to keep in the loop on market action.
- Text messages summarizing commodity reports are sent out for all major grain and cattle reports.  
Get the latest reports when they come out with a summary sent via text message from Samson IB.
- Biweekly commodity newsletter.  
A look back on the market action in the past 2 weeks as well as a 2 week outlook and commentary on the cattle and grain complexes.

## Who does Business at Samson?

- Agricultural Producers
- Community Leaders
- Growing Businesses
- Success Driven People
- People Wanting to Learn
- People Not Satisfied with the Status Quo

## Our focus on quality is two-fold:

- Provide the Customer with EXACTLY what they want.
- Do it right the first time.
